P.P AGUSTINOS RESIDENCE

We collaborate with a well-known learning centre, considered as one of the most prestigious residences of Castilla y León, La Residencia PP Agustinos (Madre del Buen Consejo). We believe in the importance of a good education. Indeed, we aim to train football players and to educate them so as to face the outside world and make them able to face any situation in their social and professional life.

The followings are the characteristics, that identify the centre and make it one of the most prestigious centre of the province.

It offers an educational proposal to the society. This one aims at the integral education (individual, social,...) of the student, from pre-primary school to the high school diploma. The collaboration of families and the responsibility of the teaching staff allow the achievement of this goal.

The organization of the centre has as a general framework, the Learning Project of the Centre (PEC : Proyecto Educativo del Centro), so as to:

- To achieve the integral education of the student through the harmonious development of all his physical, psy-

chological and sociocultural potentialities

- To develop his personal skills by boosting his freedom and responsibility, his dialogue, creativity and scientific research
- To foster universal values such as the respect, freedom, peace or coexistence
- To educate progressively the students about the social, cultural and scientific reality on a dialectic relationship with the traditions of our society
- To globalize their views of the social reality or to try to use universal frameworks when focusing on problems and important social issues.

- To claim in practical ways that interculturalism represents a moral area of human encounter and brings moral demands of freedom, respect and complementarity.
- To create personal work habits as well as group work habits, so as to face new situations and make the students participate in the transformation of a more human society

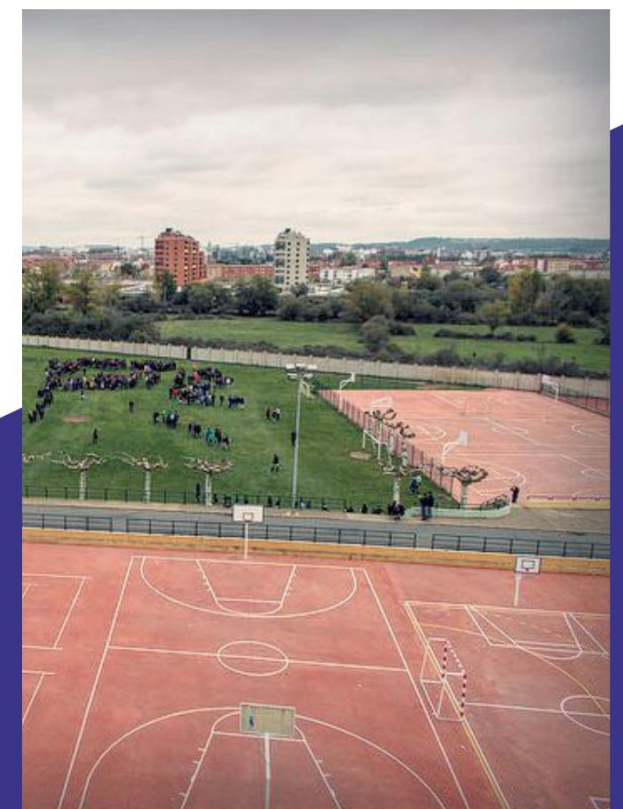

It has a school canteen during the school year in which you will be offered the best local products providing the players with a balanced and healthy diet. The residence is

also provided with different sports facilities and services which will help the players improve their personal skills:

- Football field 11 -
- Two football fields 7
- Private gym, sports hall, indoor and outdoor swimming pools, indoor/ outdoor soccer fields, two outdoor basketball fields as well as volleyball courts.

You can get information about the facilities on this web:
